45 years of the University

by IROUNMO

February is the month when the Dzemail Bijedic University of Mostar celebrates its birthday.

On that occasion, the University organizes a series of different events.

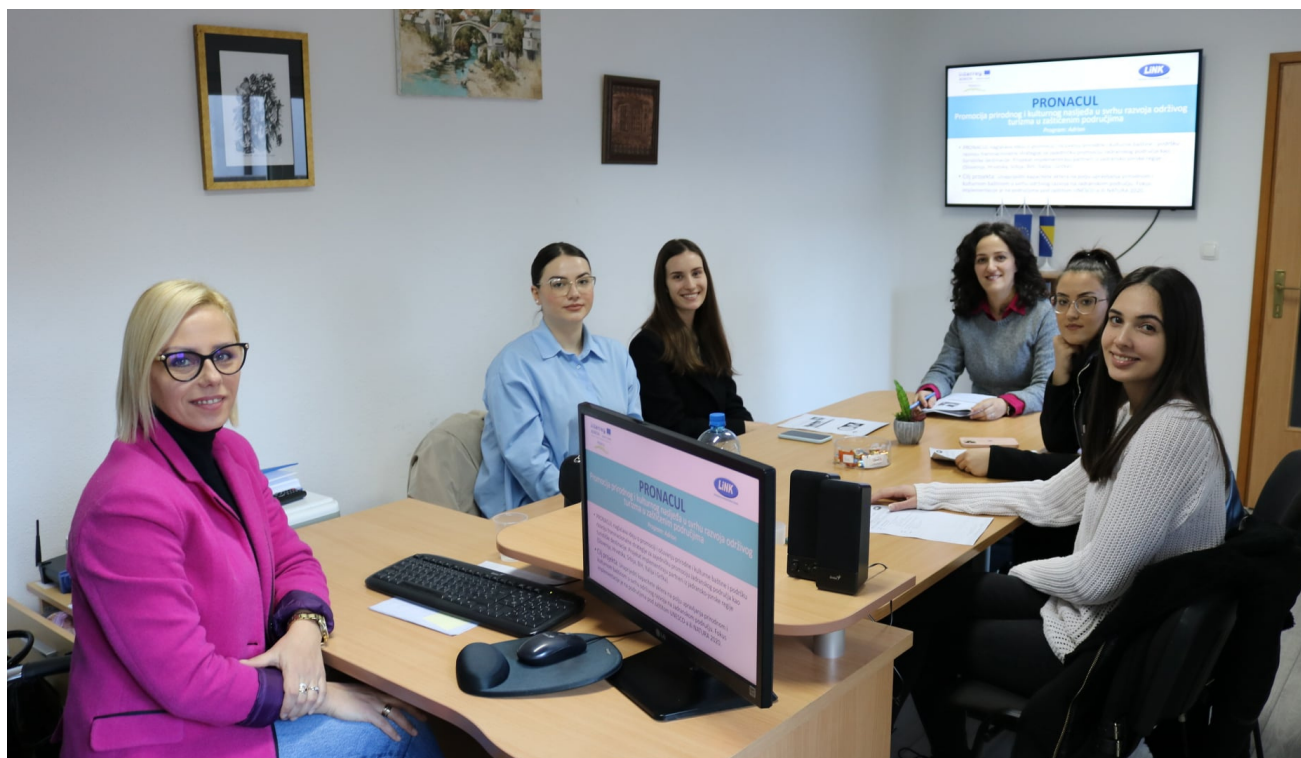

Traditionally, the celebrations begin with the University staff remembering Dzemail Bijedic, a man the university is named after by laying flowers in front of his bust.

As part of the University's anniversary celebrations, on February 11, the Rector awarded the best students with the Rector's Award.

On Saturday, February 19, the students who completed their studies in the first and second cycle of studies, received their diplomas.

Student internship

By IROUNMO

Students of the Dzemal Bijedic University of Mostar, as part of their studies, must carry out an internship. The goal of the internship is to provide future academic citizens with the practical knowledge to prepare them for the labour market demands. It is not uncommon for students who finish an internship in a certain firm to be employed at that very company where they did their internship.

The final year students of the University Study Programme of Tourism began a one-month-long internship at the Association for Entrepreneurship and Business LiNK. This internship will enable students to get familiar with the business environment of their future profession.

At the first meeting, the director of the Association welcomed the students and briefly introduced them to currently active projects. After visiting the premises of the Association, the director assigned the students with tasks they will working on for the next month under the supervision of the mentor.

“We look forward to working together, and we emphasize the importance of investing in youth and improving the conditions for their education and training.”- said the director of the Association.

UNMO Project INTERBA

By IROUNMO

INTERBA is an Erasmus+ Capacity Building in Higher Education project, led by the University of Tirana, Albania. The consortium has 10 partners out of which 6 are HEIs from the Western Balkans, and 4 partners HEIs from Program countries namely: Germany, Italy and the UK. The project is envisaged to last for 3 years. INTERBA project's general aim is to strengthen international, intercultural & global dimension via Internalization at Home (IaH) implementation at partner HEIs to enhance the quality of education and make a meaningful contribution to the society.

Project specific objectives:

- To formulate a coherent and detailed IaH concept that could be mainstreamed into the partner HEIs Roadmaps following on from their specific exigencies;
- To level up the scope and viability of IaH activities implemented in partner HEIs;
- To train expert pool capable of developing and integrating IaH into HEI environment;
- To launch an online platform as a tool for IaH implementation;
- To establish/modernise structure/entities responsible for IaH at HEIs.

Project Outcomes:

- 5 staff from each Partner Higher Education Institution trained;
- 20-30 staff re-trained in each Partner Higher Education Institution;
- 240-360 trainees and visiting academic staff;
- 500 trainees overall in the region will be part of the network of experts; etc.

Presentation of the international projects

By IROUNMO

Presentation of the international projects University has been included in 2021 was held today at the Civil Engineering Faculty. This was the eleventh event organized to celebrate the 45 years of establishment of the Dzemal Bijedic University of Mostar.

The introductory presentation was the presentation of the International Relations Office. Apart from the presentation of all mobility schemes available to students and staff of the University, IR Officer talked about the novelties in the International Relations Office and the actions made to increase the visibility of the Office.

Ilhan Karic has presented his research – Raspberry pi cluster for distributed machine learning.

Climbing Club

By IROUNMO

Climbing club "Neretva" Mostar is a sports association founded on October 10, 2011. The Climbing gym is located on the campus of the Dzemal Bijedic University of Mostar. All those who wish to try this adventurous sport can find an indoor boulder. In addition to participation in different competitions, the club organizes also memorial tournaments for climbers from Bosnia and Herzegovina and the region.

The members of the club successfully represent their club, the City of Mostar and Bosnia and Herzegovina.

In addition, to be recognized for its results, the club strives to promote outdoor sports and make it more popular not only in the City of Mostar but also in the region. The club also organizes a school of climbing for children. In the past period, the club has implemented many projects that promote the sport of climbing as a form of 'active tourism'.
