The 46th anniversary of the Džemal Bijedić University of Mostar

The marking of the 46th anniversary of the existence and work of the Džemal Bijedić University of Mostar started officially 13.2. with the laying of flowers at the memorial statue of Džemal Bijedić in front of the Rectorate and the projection of a film about his character and work. With these two events, University started the traditional manifestation of the Days of the University.

These are significant activities through which we commemorate the character and work of Džemal Bijedić, whose name we took 46 years ago and still proudly carry. . The university has always been a symbol of freedom, tolerance, and love for the homeland, and we are proud of the name we carry, said the rector of the Džemal Bijedić University of Mostar, prof. dr. Alena Huseinbegović.

Solemn session of the University's Senate

By IROUNMO

The Days of the Dzemal Bijedic University of Mostar University continued with the solemn session of the Senate at the Princess Hall - Hotel Mepas Congress Centre. The university management, deans, heads of university studies, the rectors of public universities in Bosnia and Herzegovina, numerous dignitaries, officials, and guests attended the ceremony. The Senate session included the presentation of the Rector's awards to the best students and a scroll of honour for the efforts and exceptional contribution to the development of the University and the recognition of the University's reputation in the country and abroad as well as for the long-term achievements in the fields of science, education, sports.

Prof. dr. Alena Huseinbegović, the Rector of the Dzemal Bijedic University of Mostar, welcomed everyone on behalf of the University's management, teaching, administrative staff, and students. She thanked everyone for the honour of attending and participating in the solemn Senate session of the University and making this important day even more solemn.

"Today we celebrate the University and almost half of the century of its foundation. This solemn session is an opportunity to analyse the achieved results in the past year and to announce the future. The University cannot be measured only by numbers or the rankings. The University are the people devoted to their work when they face numerous challenges, people who with their positive examples contribute to the quality education and responsibility toward their community who aside from their scientific knowledge can transfer practical skills and competencies, people who research, educate, and serve the University and society they live in." emphasized prof. Huseinbegović.

Presentation of the international and science and research projects

By IROUNMO

Rector of the University "Džemal Bijedić" in Mostar, prof. dr. Alena Huseinbegović promoted two Doctor of Sciences, one within the university doctoral studies of polytechnic and the other in the field of kinesiology at the Faculty of Education of the Džemal Bijedić University of Mostar.

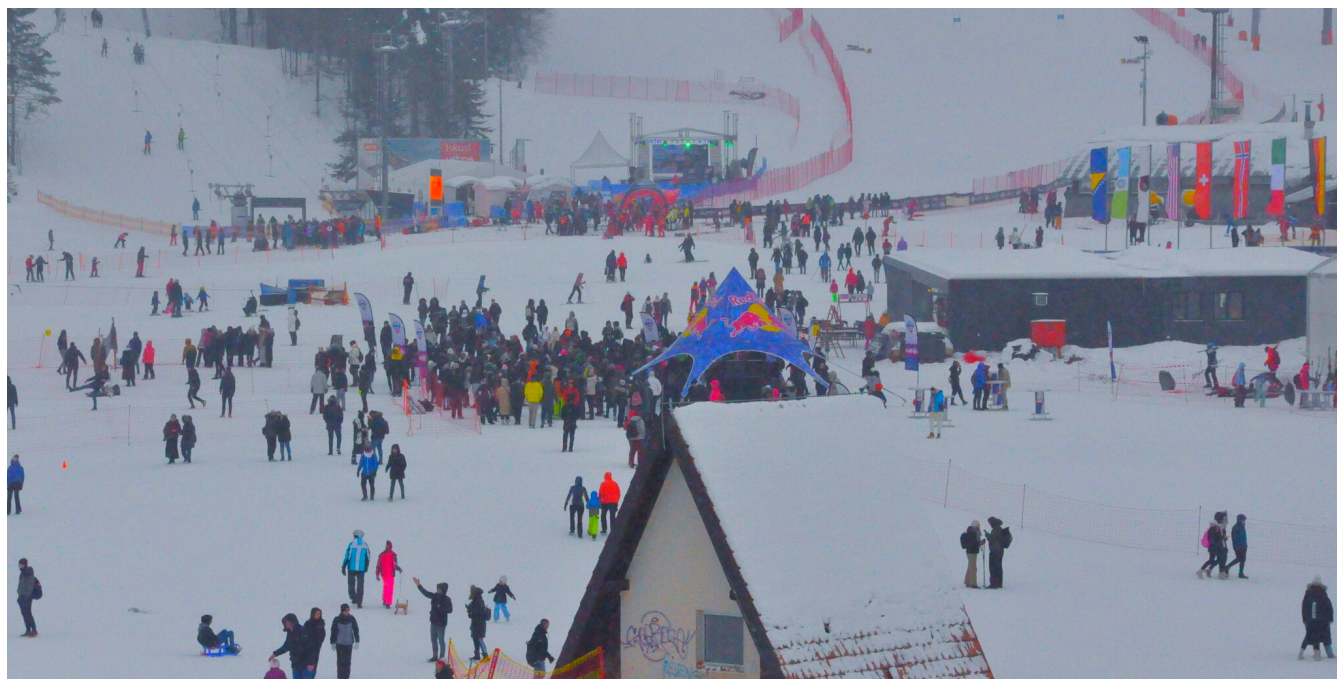

Merima Salčin was promoted to Doctor of Science in the scientific field of technical sciences, scientific field of civil engineering and scientific area of load-bearing structures

Adnan Ademović was promoted to Doctor of Science in the scientific field of social sciences, scientific field of kinesiology and scientific area of kinesiology of sports and recreation.

Prof. dr. Mili Selimotić, member of the committee for the evaluation and defense of Merima Salčin's doctoral dissertation, and prof. dr. Ekrem Čolakhodžić, mentor of Adnan Ademović have also addressed the audience. They presented the biographies of the candidates, their previous academic titles, a report on their doctoral dissertation and their contribution to science and research.

Prof. dr. Alena Huseinbegović congratulated new doctors of science and wished them luck and success in their future work

STUDENT EXCURSION TO BJELAŠNICA

On Sunday, February 12th, students of the Dzemal Bijedic University of Mostar went on an excursion to the Olympic mountain Bjelašnica. They enjoyed the entertainment, competitions, skiing, and snowboarding. The most important aspect was that the young people spent the day together in the mountains in the fresh air, and had fun

Organizers put on a big spectacle for all music and fun lovers. Along with the music program, they also held snow games, and everyone had the opportunity to ski and snowboard. Students had an opportunity to compete in: snow volleyball, sledding, snow football, tug of war, and sack race.

Bjelašnica gathered students from all of Bosnia and Herzegovina - Sarajevo, Tuzla, Zenica, Olovo, Kakanj, Visoko, Kladanj, Jablanica, Konjic, Mostar, and many more.

All participants had lunch and tea and enjoyed the discounts on ski/snowboard equipment rental.

Young enthusiasts, mountaineers, and nature and travel lovers initiated the "Studentski pohodi" project, which was officially supported by the University of Sarajevo. The project aims to enable students and young people to actively visit the natural, cultural, and other riches of Bosnia and Herzegovina, as well as many attractive European cities.

Student Union helped organize the trip of Dzemal Bijedic University of Mostar students to Bjelašnica.
