SUNRISE QUIZ 2026

by IROUNMO

The Dzemal Bijedic University of Mostar hosted students and teachers from the Mixed Secondary School Gornji Vakuf and the Technical Secondary School Bugojno as part of activities that guide final-year students in their career choices and introduce them to opportunities for continuing their education. The University opened the visit in the amphitheatre of the Faculty of Humanities and delivered the informative part of the programme. Academic staff presented study programmes, explained the structure of the curricula, and highlighted the competencies students acquire during their studies, with a focus on the alignment of education with the demands of the modern labour market. After the introductory presentations, the University organized a joint breakfast and guided the visitors on a tour of the university campus. During the visit, students spoke with professors and assistants, who provided additional information about study opportunities, student life, student standards, and extracurricular activities.

ERASMUS+ MOBILITY VISIT IN WARSAW

By IROUNMO

A delegation from the Dzemal Bijedic University of Mostar visited the Józef Piłsudski University of Physical Education in Warsaw. This visit was part of the Erasmus+ programme. The representatives stayed in Warsaw, Poland, from April 6 to April 10. During their stay, they carried out a working visit to the University of Physical Education in Warsaw (AWF). The delegation included Vice-Rector for International Cooperation, Prof. Dr. Rijad Novakovic, Dean of the Faculty of Education, Prof. Dr. Ekrem Colakhodzic, and Head of the Doctoral Study Programme in Kinesiology, Prof. Dr. Damir Djedovic. During the visit, the delegation held meetings with representatives of AWF, including Vice-Rector for Development, Prof. Dr. Jolanta Maria Żyśko, and Incoming Students Coordinator, Mgr. Maja Komorowska, and Academic Coordinator, Mgr. Patrycja Baszak (KA131 and KA171). The participants focused their discussions on enhancing institutional cooperation, exchanging experiences in implementing the Erasmus+ programme, and strengthening international mobility. The participants placed special emphasis on the possibility of signing a bilateral agreement between the two institutions. Such an agreement would create additional opportunities for student and staff exchanges. It would also support the development of joint projects in sport, kinesiology, and higher education. This visit represents an important step toward strengthening international cooperation and further internationalisation of the Dzemal Bijedic University of Mostar.

SUNRISE CHALLENGE: BASKETBALL TOURNAMENT

By IROUNMO

The Dzemal Bijedic University of Mostar organized a basketball tournament as part of the SUNRISE Alliance and the broader sports and educational competition, SUNRISE Challenge. High school students from the Herzegovina-Neretva Canton participated in the tournament. Prof. Dr. Rijad Novakovic, Vice-Rector for International Cooperation opened the tournament. Tournament results: 1st place: Secondary School Konjic; 2nd place: Secondary Electrical Engineering School 'Salih Salko Curic' Mostar; 3rd place: Secondary School of Civil Engineering Mostar. The organizers scheduled additional activities within the SUNRISE Challenge, including a table tennis tournament, athletics competitions, and a knowledge quiz. Through this event, the Dzemal Bijedic University of Mostar implements activities that integrate sports and educational content.

OPEN DAY 2026

By IROUNMO

On April 23, 2026, Dzemal Bijedic University of Mostar held its traditional Open Day. During the visit, high school seniors explored information desks for faculty and university study programmes and learned in detail about study programmes, the teaching process, and the opportunities and advantages of studying at the Dzemal Bijedic University of Mostar. Vice-Rector for Academic Affairs, Prof. Dr. Azra Spago, emphasized that the University continuously modernizes its study programmes, aligning them with the interests and affinities of high school graduates and the demands of the contemporary labour market, while providing students with high-quality education. She also highlighted that, in addition to the existing study programmes, the University is introducing five new programmes: Architecture, Electrical Engineering, Cosmetology, Digital Communication and PR, and Biology and Sustainable Development. As part of the event, the University also organized sports activities and a prize draw.

SUNRISE CHALLENGE: TABLE TENNIS TOURNAMENT

By IROUNMO

The Dzemal Bijedic University of Mostar organized and held a table tennis tournament as part of the sports and educational event SUNRISE Challenge.

High school students from the Herzegovina-Neretva Canton participated in the tournament. After playing all matches, Ammar Kafadar, representing Karadžoz-begova medresa, won first place. Tournament results: Ammar Kafadar (Karadjoz-bey madrasa) won first place; Danis Culjak (Secondary Medical School Mostar) took second place; Emir Djuliman (Electrical Engineering School 'Salih Salko Curic' Mostar) finished in third place.

SUNRISE QUIZ 2026

By IROUNMO

As part of the sports and educational event SUNRISE Challenge, the Faculty of Humanities organized the Sunrise Quiz knowledge competition for high school students on April 21, 2026, in its amphitheater from 12:00 to 14:00. The competition gathered students from several secondary schools in Mostar, who tested their knowledge in different areas and worked in teams. The activity aimed to support cooperation with local schools and provide students with an opportunity to participate in an academic setting. The most successful teams were: 1st place: Secondary Electrical Engineering School "Salih Salko Ćurić" Mostar; 2nd place: Gymnasium Mostar; 3rd place: Mechanical and Traffic School Mostar. The Sunrise Quiz was held as part of the broader SUNRISE Challenge programme.
