## **National Day**

Bosnia and Herzegovina National Day is a public holiday celebrated on November 25 every year. On that day in 1943, the Anti-Fascist Council of National Liberation of Bosnia and Herzegovina (Anobit), at its first session, adopted the Resolution of ZAVNOBiH. The Resolution expressed the determination of the people of Bosnia and Herzegovina for their country to be a community where all people should be equal as well as the equality of then the Peoples' Republic of Bosnia and Herzegovina within then Yugoslavia with historical borders dating back to medieval Bosnia.

# I do not want to be a number on an Employment Bureau

By IROUNMO

On International Students' Day, on November 17, the students of the Faculty of Economics of the Dzemal Bijedić University of Mostar raised their voices and sent a message to the public.

Since they cannot afford the luxury of waiting for the reform of the education system and the creation of more stimulating conditions for them in the country, students are taking matters into their own hands.

The constant work on themselves and making themselves visible is one of the keys to the solution. As they say, they love this country, they are ready to stay and help build it. However, they took a different, proactive approach. They are trying to attract the attention of employers and direct their knowledge and potential to the development of Bosnia and Herzegovina, not some other country.

With the help of the promotional video, the students recognized the activities that need to be worked on to stand out in the labor market. By developing their skills, students can turn the situation in their favor and successfully attract employers to look for them and find them not the other way around. The students focus on:

- Formal education (innovated curricula adapted to the demands and needs of the labor market),
- Informal education (training and seminars),
- Volunteerism
- Learning foreign languages,
- Travel and international mobility projects

# International Students Day

By IROUNMO

November 17th is celebrated all around the world as International Students' Day. With a special focus on ensuring education is available for all students, European University Sports Association (EUSA) joins the call for more financial support for students to fund their education and improve their career prospects. During World War II, on November 17th 1939 nine students in Prague were executed without trial in concentration camps and November 17th was chosen as an International Students day to commemorate their life and destiny. Nowadays, November 17th marks a celebration of the multiculturalism of international students.

## FIT Practical work By IROUNMO

On Friday, November 4th, as part of a one-hour online presentation, the FIT students were introduced to the concept of the Deloitte IT Internship Fest.

Process of the IT Internship Fest includes:

1. Live presentations to students

- Introducing students to the Deloitte IT department - general information
- Presentation of paid internship opportunities
- Invitation to students to apply for the so-called online Discovery Calls.

2. Online meetings/presentations to students – Discovery Calls (November 21-25)

- Webinars: 8-10 sessions presented by experts from a specific field.
- Presentation of the field of work, the technologies used, and what skills are needed for the candidate to join the team, so that students can choose the field/team that would suit them best.
- Each webinar (Discovery Call) will be organized by a different team - students can register for as many webinars as they want.

3. After the Discovery Call, students will be able to apply for an internship - in one or more teams they are interested in.

The continuation of the procedure goes as follows:

- Interviews (first two weeks in December)
- Making decisions about candidates (until December 20)
- Beginning of paid internship (from February 1)

The Deloitte IT Internship Fest is an event that can serve as an opportunity for students to make regional connections, and gain experience through student internships, and the possibility of employment on regional projects within Deloitte CE.

# Visit of the H.E. Yasser Sorour, the Ambassador of Egypt to Sarajevo

By IROUNMO

Ambassador of the Arab Republic of Egypt in Bosnia and Herzegovina H.E. Yasser Sorour visited the Dzemal Bijedi University of Mostar on November 21, 2021, where he met with the rector, prof. Dr. Alena Huseinbegović and vice-rectors: prof. Dr. Azra Špago, prof. Dr. Rijad Novaković.

The Rector Prof. Dr. Alena Huseinbegović greeted the guests on behalf of the University when she expressed gratitude for the visit and determination to improve the cooperation between the Dzemal Bijedic University of Mostar and the Embassy of the Arab Republic of Egypt in Bosnia and Herzegovina. During the meeting, the attendees discussed the possible strengthening of ties with different models of academic and cultural cooperation between the Dzemal Bijedic University of Mostar and the Universities in Egypt.

# FRESHMEN'S NIGHT 2022

By IROUNMO

On the 5th of November, at the Students Hotel the FRESHMEN'S NIGHT 2022 was organized by the Dzemal Bijedic University of Mostar, with the support of the Student Union and the Technical Club of the Dzemal Bijedic University of Mostar - BEST Mostar, as well as with the help of supporting companies and sponsors (BH Telecom; SC Hercegovinapromet; PM Company; Red Bull) for all freshmen and new students of the University. The president of the Student Union, Kenan Begović, addressed the students in the crowded hall of the Student Hotel Mostar, after which the freshmen had the opportunity to get to know each other better during the dinner. The band "KO SU OVI" was responsible for the fun and great atmosphere.
